

VERSArm™ HD, Swing-Out Carrier

- Heavy-duty, 14-gauge, black powder-coated steel VERSArm™ HD carrier system holds up to a 200-lb. payload, with weight evenly distributed. (2" receiver hitch required - standard on many SUVs, pickups, vans and RVs)
- VERSArm™ HD dimensions (without grill and ice chest tray installed): 59" W x 25.25" D x 6.5" H. (Does not obstruct vehicular tail-lights)
- VERSArm™ with grill swings-out to safe cooking distance, to 90° or more, from the back of the vehicle. Carrier locks securely in place for vehicular travel.
- Includes a dual-fork, individually adjustable prop-leg feature for maximum stability when the arm and grill are in the open, cooking position.
- Range of vertical adjustment for each of the 2 prop legs: 16.25" to 30".
- Innovative VERSAMount™ design permits quick and easy installation of a variety of Party King® Accessory options directly onto the VERSArm™ carrier system.
- Weight of VERSArm™ HD without grill and ice chest tray installed: 42.06-lbs.
- Weight of VERSArm™ HD with grill installed: 127.12-lbs.
- Full one-year limited warranty on VERSArm™ HD carrier system against manufacturers defects.
- 0Patented "Hitch Cuff" Drawbar stabilizer keeps any accessory that is attached to the vehicles 2" receive hitch secure and rigid, it also doubles as an added measure of theft deterrent.
