

VERSARM LT™, SWING-OUT CARRIER SYSTEM

- 16-gauge, black powder-coated steel VERSArm™ LT carrier system holds up to a 100-lb. payload. (2" receiver hitch required – standard on many SUVs, pickups, vans and RVs)
- VERSArm™ LT dimensions (without grill and ice chest tray installed): 44" W x 12.75" D (measuring from outside to outside ends of swing arm)
- Does not obstruct vehicular tail-lights.
- VERSArm™ with grill swings-out to safe cooking distance, to 90° or more, from the back of the vehicle. Carrier locks securely in place for vehicular travel.
- Includes a dual-fork, individually adjustable prop-leg feature for maximum stability when the arm and grill are in the open, cooking position.
- Range of vertical adjustment for each of the 2 prop legs: 16.25" to 30".
- Innovative VERSAMount™ design permits quick and easy installation of either model Party King® Grill.
- Weight of VERSArm™ LT 33 lbs..
- Full one-year limited warranty on VERSArm™ LT carrier system against manufacturers defects.
- Patented "Hitch Cuff" Drawbar stabilizer keeps any accessory that is attached to the vehicles 2" receiver hitch secure and rigid, it also doubles as an added measure of theft deterrent.
